Thoughtfully designed for
fresher food storage solutions

Electrolux

A photograph of a modern dining room. In the center, there is a rectangular glass dining table supported by a metal frame. Six white upholstered chairs with metal legs are arranged around the table. On the table, there is a clear glass vase containing a single pink rose and some greenery. The floor is made of light-colored wooden planks. The background is a bright, minimalist interior with white walls and a large window or glass partition.

Inspire

Inspiration

Range from Electrolux

Redefining modern living

For more than 90 years, Electrolux has been a much-loved part of homes and professional environments around the world. From refrigerators, dishwashers, washing machines and dryers through to ovens, cooktops, barbecues, vacuum cleaners and small household appliances, our products are a testament to thoughtful technology, innovation and design.

Today our successful Design Lab and Electrolux Appetite for Excellence programmes showcase our commitment to fostering young talent and future innovations.

Now with the Electrolux Inspiration Range, you can enjoy the benefit of our professional knowledge and experience in your own home. You take the ingredients fresh from the fridge, as though they were bought yesterday. You switch on the Chef's secret, cooking with steam and heat together, to serve up great dishes at the touch of a button. Used pots, pans, jugs and utensils all fit into the dishwasher with ease.

Meanwhile, laundry day transforms from chore to near joy with a washer and a dryer that remember your favourite cycles, consume only what's necessary for pristine results and even offer programs that cut your ironing in half. We've thought about all the little things, so you can get the most out of our products and more out of every day.

Over 90 years of passion and innovation

A name synonymous with premium household and professional appliances, Electrolux has more than 90 years experience servicing fine European homes, kitchens, laundries and restaurants. With a comprehensive range of products for the home and professional workspace, Electrolux is renowned for forward thinking innovations designed to meet the real needs of consumers and professionals.

Models shown: EVEP613SA, EHG955SA, ERC925SA, EFM3001WE and EHG313BA

A breath of fresh air

Your fridge and its contents will be kept smelling fresh thanks to the in-built Fresh Sense deodoriser. Designed to enhance the air inside the fridge, Fresh Sense uses technology designed to absorb strong odours like seafood and cheese, which freshens the air inside your fridge.

Fresher thinking just for you

Now when you buy your groceries, you won't have to worry about keeping your food in the best condition possible. That's because our intelligent airflow system provides the ultimate in freshness by evenly dispersing cool air throughout the fridge. The airflow creates a cold wall that is drawn throughout the entire refrigerator compartment to ensure the perfect temperature. So no matter where you put your food in the fridge, you can be assured it will stay fresher for longer.

Create the ideal environment

Say goodbye to wilted produce and hello to garden-fresh fruit and vegetables. Our sophisticated temperature management system includes humidity controls on each crisper, so you can create the ideal environment and ensure all your ingredients maintain their optimum taste and texture. By directing the airflow around the crisper, a perfect temperature is achieved. This also ensures produce is not dried out.

Fresher thinking

*When you reach for the ingredients, you need them to be at their very best. Just plucked from nature?
No, picked fresh from the fridge.*

Caring for the environment

The collection of Electrolux fridges have been designed with the planet, and you, in mind. Each fridge uses a more environmentally friendly refrigerant, which uses significantly less energy than other types of refrigerants and results in superior energy efficiency. They also include easy glide crispers and freezer bins, steel wine caddies, and Spillsafe™ glass shelves.

Energy efficiency

Reducing energy consumption is a key objective in all product development at Electrolux. That's why our new collection of fridges and freezers have been thoughtfully designed with efficiency in mind, offering up to four-star energy ratings in our range.

Caring for the environment

We strive to create products with lower greenhouse gas emissions to create a better world today and tomorrow. By utilising R600A, a non-synthetic, more environmentally friendly refrigerant, you can feel confident your refrigerator is creating less impact on the environment.

Eco-friendly to save you energy

As we head towards a greener way of living, our energy-efficient Eco Mode feature will help keep you moving in the right direction. Eco Mode reduces the amount of energy used and was thoughtfully created for those times when you're not using your fridge. What's more, using less energy can also reduce your energy bills.

Refrigeration

Features in our range

Whether you prefer a classic aesthetic or a sleek contemporary style, the Electrolux Inspiration range has something to suit all tastes. Offering the latest advances in food freshness, our expert research and development team have perfected the art of temperature and humidity control. With superior design, quality components and energy efficiency, all you need to do is choose the fridge that's right for you – from French Door, Four Door, Side by Side, Top Mounts, Bottom Mounts or Built-ins.

Smart slide-away shelf

Perfect for parties, special occasions and storing tall items, the slide-away shelf has a front half that slides neatly away. This creates more space when you need it. Plus, it can be used on any level, so you can easily modify the fridge to suit you.

Convenience at your fingertips

Stylish and easy to use, the multifunction controls can be attuned to your everyday requirements. When you go away for a holiday, you can reduce your energy consumption with Vacation mode. Fast Freeze gives you the convenience of speed cooling, while temperatures are controlled with the touch of a button. (Selected models only)

A breath of fresh air

The in-built Fresh Sense deodoriser has been designed to freshen the air inside the fridge. With technology designed to absorb strong odours like seafood and cheese, your fridge will always smell fresh.

Flexibility and more with Spillsafe™ glass shelves

Enjoy the convenience of adaptable interiors. The adjustable Spillsafe™ glass shelves offer great flexibility and can be altered to suit your requirements. What's more, the shelves contain spills to help minimise mess and cleaning.

Mark-resistant stainless steel

With an invisible, mark-resistant coating to help protect the exterior from fingerprints and grime, it couldn't be easier to keep your fridge in pristine condition.

Keep food fresher, longer

Our intelligent airflow system provides the ultimate in freshness. Designed to disperse air evenly throughout the fridge to ensure an optimum temperature, the airflow creates a cold wall that is evenly drawn through the refrigerator compartment. The result is fresh food that lasts a whole lot longer.

Effortless access with easy glide telescopic runners

No matter how full the crisper and freezer drawers, the easy glide telescopic runners always ensure quick and easy access to your food.

Sleek handle design

The stylish new handle design complements the Electrolux Inspiration kitchen range.

Fresh deli compartment

Protect your delicate food items in the specially designed deli compartment. Created to isolate odours and provide storage for delicatessen food, this compartment keeps your food fresh and easily available.

French Door

The Electrolux French Door is designed to fit perfectly into the popular 800mm wide refrigerator cavity. Stunning double doors open to a thoughtfully organised interior, where there's a place for everything. Surprisingly accommodating, the Electrolux French Door features adjustable door bins, deli drawers, individual crisper bins and a slide-away glass shelf for easy entertaining and versatile storage.

Designed for convenience with the fridge above the freezer, you'll enjoy easy access to your favourite everyday food. And with all of your groceries within easy reach at eye level, you'll never have to bend down to reach your fresh food again.

● Our innovative water tubing is integrated at the top of the fridge compartment to maximise interior space. (EHE5167SB only)

● Whether it's a hot summer day or you're entertaining friends and family, ice is a necessity. So you'll enjoy an endless supply with our extremely efficient compact automatic icemaker. (EHE5167SB only)

● With the slimline in-door water dispenser, the Electrolux French Door dispenses continuous chilled filtered water. (EHE5167SB only)

● The clever freezer drawer features a gentle open and close mechanism and includes two deep baskets so you can easily organise food.

Brilliant freezer lighting

With bright LED lighting to illuminate all areas of the freezer, you'll find what you're looking for with minimum fuss.

Express ice

Whether it's a hot summer day or you're entertaining friends and family, ice is a necessity. So you'll always have ice with our extremely efficient compact automatic icemaker. Plus, the ice is all stored in a handy extra-large ice bin making it enough for any party. (EHE5167SB only)

Let food come to you

Finding your frozen favourites is simple with a cleverly designed freezer drawer that glides gently towards you. Inside, there are two deep freezer baskets big enough to hold a whole chicken, so you can easily organise food into separate compartments. Plus, the soft touch self-closing drawer ensures the freezer won't be accidentally left open.

Continuous fresh water

Get a healthy start with easy access to chilled, filtered water. The Electrolux French Door dispenses chilled water from the slimline in-door water dispenser. (EHE5167SB only).

A place for everything

Adjustable door bins, handy deli drawers, individual crisper bins and a slide-away glass shelf, allow you to store food and drinks of all shapes and sizes. Dedicated small-item drawers help to sort and separate, while the adjustable slide-away shelf creates flexibility for those tall or awkward items.

Side by Side

Make a statement in your kitchen with the ultra-stylish and spacious Electrolux Side by Side refrigerator. Beautifully designed inside and out, the sleek linear design and high-quality stainless steel finish will enhance your décor. Plus, you'll enjoy a massive capacity of up to 700L with enough storage to make entertaining a breeze.

The dedicated fridge and freezer compartments offer a large storage capacity, which makes it easy to organise your fresh and frozen food. And with an array of thoughtful features like our innovative ice and water dispenser, full-length LED lighting and easy glide telescopic runners, you'll wonder how you ever did without it.

- With modern touch controls, fresh filtered water and crushed or cubed ice can be instantly dispensed. (ESE6977SG & ESE6107SG only)
- Easy glide telescopic runners ensure effortless access to your food.
- Full-length LED lighting disperses light evenly throughout the interior, so you can easily check your fridge's contents with just a glance.
- Designed for flexibility and convenience, the multi-function touch control panel features Eco/Vacation Modes to reduce energy consumption and a Fast Freeze option.

Effortless access with easy glide telescopic runners

No matter how full the crisper and freezer drawers, the easy glide telescopic runners always ensure quick and easy access to your food.

Ice and water instantly

Modern touch controls and streamlined fascias add style, while fresh filtered water and crushed or cubed ice can be instantly dispensed. Plus, with our unique water dispensing system, you can easily fill bottles of all shapes and sizes. (ESE6977SG & ESE6107SG only)

Premium full-length LED lighting

See all of your fridge's contents with just a glance. The full-length LED lighting disperses light evenly throughout the interior, so nothing gets hidden at the back of the fridge.

More space to chill

More space in your freezer gives you more reason to entertain. Cleverly designed to create additional storage space, the compact icemaker and removable ice storage bin provide greater flexibility and convenience.

Fresh deli compartment

Protect your delicate food items in the specially designed deli compartment. Created to isolate odours and provide storage for delicatessen food, this compartment keeps your food fresh and easily available.

Four Door

Perfect for those who love to entertain, the beautifully designed Electrolux Four Door fridge is a testament to innovative design and supreme functionality. The elegant half-width doors require minimum space to open, making them ideal for narrower kitchens and island benches.

- With a spacious interior and multiple drawers and compartments, storing large party platters and organising your favourite foods is easy.
- The stylish electronic touch controls have been ergonomically designed for ease of use.
- The deli compartment protects your delicate food items by isolating odours and sealing in freshness.
- Keep your freezer organised with seven slide-out drawers.

A smart, spacious freezer

With seven slide-out freezer drawers, you'll find a place for everything. The two doors allow you to easily separate your long-term frozen foods from the ones you use everyday. That way you'll reduce the amount of times you open each door, thus reducing energy consumption and ensuring optimum performance.

A touch of style

With an eye-catching, streamlined style, the electronic touch controls make a stylish kitchen statement. They're also easy to reach and use, which makes programming your fridge a breeze.

Ice cubes made easy

Discover the easy way to dispense ice with the twist ice server. Perfect for parties and everyday refreshments, you can also store extra frozen ice cubes in the removable ice bucket.

Extra wide fridge compartment

Perfect for those who love to entertain, the spacious interior is large enough to fit even the biggest party platters. And with multiple drawers and compartments, organising and accessing your favourite fresh foods is easy.

Excellent storage with deep bottle bins

Keep all of your large bottles in one place. Located in the fridge door, the deep bottle bins provide great storage and keep bottles off the shelf, so you have more room to store everything else.

Fresh deli compartment

Protect your delicate food items in the specially designed deli compartment. Created to isolate odours and provide storage for delicatessan food, this compartment keeps your food fresh and easily available.

Modular

Express your individual style and bring versatility into your kitchen. With its sophisticated linear design and high quality stainless steel finishes, this ultra-stylish range offers 10 different modular options so you can customise a fridge and freezer combination that's perfect for you.

- Enjoy a customised solution with 10 different Electrolux Modular fridges and freezers to choose from, where you can create up to 25 combinations.
- With an intelligent airflow system that evenly disperses air to ensure optimum temperatures, your food will be kept fresher for longer.
- The invisible, mark-resistant coating helps protect the fridge exterior from fingerprints and grime.
- Create your ideal fridge interior with our flexible range of options including adjustable Spillsafe™ glass shelves, adjustable door bins and the clever slide-away shelf.

Freedom to mix and match

With 10 different Electrolux Modular fridges and freezers to choose from, you can create up to 25 combinations for a customised solution that meets your unique style. Whether you choose a single or modular combination, you'll be sure to find a model to perfectly match your kitchen and lifestyle.

Flexible interiors

Create your ideal fridge interior with our flexible range of options. The Spillsafe™ glass shelves can be easily adjusted and also cleverly contain any spills to the one shelf to help minimise cleaning. And when you need more space, you can adjust the door bins or utilise the slide-away shelf, which simply slides in half when required.

Mark-resistant stainless steel

With an invisible, mark-resistant coating to help protect the exterior from fingerprints and grime, it couldn't be easier to keep your fridge in pristine condition.

Keep food fresher, longer

Our intelligent airflow system provides the ultimate in freshness. Designed to disperse air evenly throughout the fridge to ensure an optimum temperature, the airflow creates a cold wall that is evenly drawn through the refrigerator compartment. The result is fresh food that lasts a whole lot longer.

Innovative deli drawers

Protect your delicate food items in the specially designed deli compartment. Created to isolate odours and provide storage for delicatessen food, this compartment keeps your food fresh and easily available.

freedom to mix and match

10 models, 25 combinations

By mixing and matching the 10 Electrolux Inspiration modular fridges, you can create up to 25 combinations, providing you with a customised refrigeration solution. Whatever your decision, there's a model or combination to perfectly match your living space and lifestyle.

Top mounts

Classic styling meets energy efficiency with Electrolux's range of Top Mount fridges. Features like the twist ice server, Spillsafe™ glass shelves and easy-glide crispers make a busy life that little bit more convenient, and keeps your food fresher for longer.

- With an intelligent airflow system that evenly disperses air to ensure optimum temperatures, your food will be kept fresher for longer.
- The twist ice server dispenses ice with ease, while the removable ice bucket stores extra ice cubes.
- Create your ideal fridge interior with our flexible range of options including adjustable Spillsafe™ glass shelves, adjustable door bins and the clever slide-away shelf.
- The invisible, mark-resistant coating helps protect the fridge exterior from fingerprints and grime.

Ice cubes made easy

Discover the easy way to dispense ice with the twist ice server. Perfect for parties and everyday refreshments, you can also store extra frozen ice cubes in the removable ice bucket.

Function and style unite

The timeless soft curves and sleek stainless steel bar handles will add a touch of style to your kitchen.

A breath of fresh air

The in-built Fresh Sense deodoriser has been designed to freshen the air inside the fridge. With technology designed to absorb strong odours like seafood and cheese, your fridge will always smell fresh.

Best-in-class eco credentials

The Electrolux 4-star fridges use superior components and non-synthetic refrigerant (R600a) to achieve best-in-class energy efficiency.

Enjoy total control

Separate temperature controls allow you to set the ideal temperature in the fridge as well as the freezer.

Ebony

Dark and seductive, each fridge has a glossy black finish that showcases the latest in Electrolux technology with touch electronic controls, sleek frameless black hardened acrylic, complemented with stainless steel handles to meet discerning tastes.

- The striking black gloss finish and sleek stainless steel bar handles will add a touch of European style to your kitchen.
- The Electrolux Ebony side-by-side refrigerator is an entertainer's delight. The 500mm wide fridge space is the perfect size to accommodate food platters.
- The Electrolux Ebony bottom mount refrigerator has elegant square lines and a fully adjustable interior. With the fridge compartment at eye level, the fridge is easily accessible.
- Designed for flexibility and convenience, the multi-function touch control panel features Eco/Vacation Modes to reduce energy consumption and a Fast Freeze option.

Kitchen showpiece

The Ebony range of refrigerators in striking black gloss will transform the fridge into a kitchen showpiece. The elegant square line, flat door design and stylish bar handles embody that extravagant European style.

Effortless access with easy glide telescopic runners

No matter how full the crisper and freezer drawers, the easy glide telescopic runners always ensure quick and easy access to your food.

Enjoy total control

Separate external temperature controls allow you to set the ideal temperature in the fridge as well as the freezer.

Fresh deli compartment

Protect your delicate food items in the specially designed deli compartment. Created to isolate odours and provide storage for delicatessen food, this compartment keeps your food fresh and easily available.

Aim for the stars

The Electrolux Ebony range of refrigerators use R600a refrigerant and reaches a 3-star energy rating and best-in-class energy efficiency. It means you can feel confident your refrigerator is creating less impact on the environment.

dimensions and installation guide

modular refrigeration

Bottom mount fridge EBE5107SD, EBE4307SD, EBE5107BA

Top mount fridge ETE5207SD, ETE4407SD

Single door ERM4307SD, EFM3607SD

Minimum Recommended Airspaces

If gap (Y) is not minimum of 100mm, then gap (X) increases from 50 to 90mm min.

Please note: Doors are designed to sit proud of cabinetry (not flush).

Front face of bench aligned to front corner edge of cabinet.

When positioned in a corner area, spacing of at least 400mm on the hinge side will allow the doors to open enough to enable the removal of bins and shelves.

Please note! Dimensions to be used as a guide only. All measurements in millimetres. All customers MUST refer to the user manual supplied with the product for detailed installation instructions.

large side by side refrigeration

large side by side fridge

ESE6977SG, ESE7007SG, ESE7007BF

Minimum Recommended Airspaces

Please note: Doors are designed to sit proud of cabinetry (not flush).

Front face of bench aligned to front corner edge of cabinet.

When positioned in a corner area, spacing of at least 350mm on the fridge side and 250mm on the freezer side will allow the doors to open enough to enable the removal of the crisper bins and shelves.

compact side by side refrigeration

compact side by side fridge

ESE6077SG, ESE6107SG

Minimum Recommended Airspaces

Please note: Doors are designed to sit proud of cabinetry (not flush).

Front face of bench aligned to front corner edge of cabinet.

When positioned in a corner area, spacing of at least 350mm on the fridge side and 250mm on the freezer side will allow the doors to open enough to enable the removal of the crisper bins and shelves.

Please note! Dimensions to be used as a guide only. All measurements in millimetres. All customers MUST refer to the user manual supplied with the product for detailed installation instructions.

four-door refrigeration

four-door fridge

EQE6207SD

Minimum Recommended Airspaces

NOTE: Doors are designed to sit proud of cabinetry (not flush).

When positioned in a corner area, spacing of at least 325mm on the sides will allow the doors to open enough to enable removal of the crisper bins and shelves.

EQE6807SD

Minimum Recommended Airspaces

NOTE: Doors are designed to sit proud of cabinetry (not flush).

When positioned in a corner area, spacing of at least 325mm on the sides will allow the doors to open enough to enable removal of the crisper bins and shelves.

french-door refrigeration

french-door fridge

EHE5107SB, EHE5167SB

Minimum Recommended Airspaces

EHE5107SB
If gap (Y) is not minimum of 100 mm, then gap (X) increases from 50 to 90mm min.

EHE5167SB
If gap (Y) is not minimum of 100mm, then gap (Z) increases from 10 to 45mm min.

Please note:

If 5mm side clearance, the fridge cabinet must sit at least 5mm proud of kitchen cabinetry for doors to open. A 5mm side clearance requires 50mm rear clearance and 50-90mm clearance above.

When positioned in a corner area, spacing of at least 300mm on the hinge side will allow the doors to open enough to enable the removal of bins and shelves.

electrolux top service

Electrolux Top Service encompasses the after sales service including Delivery, Home Service and Spare Parts.

delivery

The purchase of a new appliance is an exciting experience. Electrolux customers can, for an additional charge, choose to have their new appliance delivered by our experienced staff. This service, at the customer's option, includes the removal and recycling of packaging materials and even the old appliance if necessary. Delivery is available in Adelaide, Brisbane, Melbourne, Perth and Sydney. It may not be available in some rural locations.

home service

Home Service is provided for repairs to appliances by trained technicians. For repairs to appliances that are outside the manufacturer's warranty period and to which no statutory guarantee or warranty applies, a service fee is payable. Home Service is available Australia-wide.

spare parts

Home Service and Spare Parts can be contacted by phone using our toll free national numbers 13 13 49 Service and 13 13 50 Spare Parts or visit our website at electrolux.com.au

customer care

For more information on Electrolux products, please call our Customer Care team on 1300 363 640 or visit our website, electrolux.com.au

warranty

Electrolux Home Products warrants that for domestic or equivalent applications the Electrolux products featured in this brochure are free from defects in materials and workmanship for 2 years. All warranties are subject to the conditions set out in the warranty card accompanying the product when purchased. An additional 3 year warranty is also provided for domestic applications only to cover replacement of parts only for the sealed refrigeration system.

product information

The descriptors and illustrations in this publication apply to the specific products and models described as at the date of issue. Under our policy of continuous product development, product specifications may change without notice. Prospective purchasers should therefore check with their retailer to ensure this publication correctly describes the products that are being offered for sale. All information supplied is to be used for general reference purposes only and is on the understanding that Electrolux Home Products Pty Ltd will not be liable for any loss, liability or damage of whatever kind arising as a result of reliance on such information. Colours of products illustrated are as close as printing limitations allow. Electrolux will at all times comply with its obligations pursuant to law including Competition and Consumer Act 2010.

The Thoughtful Design Innovator.

Do you remember the last time you opened a gift that made you say “Oh! How did you know? That’s exactly what I wanted!” That’s the kind of feeling that the designers at Electrolux seek to evoke in everyone who chooses or uses one of our products. We devote time, knowledge, and a great deal of thought to anticipating and creating the kind of appliances that our customers really need and want.

This kind of thoughtful care means innovating with insight. Not design for design’s sake, but design for the user’s sake. For us, thoughtful design means making appliances easier to use and tasks more enjoyable to perform, freeing our customers to experience that ultimate 21st century luxury, ease of mind. Our aim is to make this ease of mind more available to more people in more parts of their everyday lives, all over the world. So when we say we’re thinking of you, you know we mean just that.

The “Thinking of you” promise from Electrolux goes beyond meeting the needs of today’s consumers. It also means we’re committed to making appliances safe for the environment — now and for future generations.

Electrolux. Thinking of you.
